

**WHAT: "PASTA FOR PALMER" FUNDRAISER**

**WHERE: Perky's Cafe & Catering, Basehor, KS**

**WHEN: SATURDAY, APRIL 15<sup>TH</sup> @ 6:00pm**

**BACKGROUND INFO:** Palmer is a strong toddler but suffers from a rare disease called Systemic Masto cytosis or in plain English, his mass cells are attacking his organs. This disease is very rare in children and normally only happens to adults.

Palmer recently got out of quarantine in mid-December after a 3 month long round of chemo treatments. He now requires monthly plasma infusions at a cost of \$9,200 per month which isn't covered by insurance. As if that isn't enough bad news, they found he needs to get 2 additional shots twice a month at a cost of \$1,600 per shot which also isn't covered by insurance either.

We are hoping to help lessen the financial burden for Palmer and his family. Several **cool prizes for a Raffle** will be up for grabs the tickets are \$3.00 each and 25 for \$50 the drawing will be held on the evening of the dinner fundraiser and there will also be a **poker tournament**.

**Our goal is to raise \$12,500** - let's go Basehor we know how to do this!!

**Dinner: \$12 per plate (includes water, lemonade, or tea)**

- Pasta ziti
- Chicken Alfredo
- Salad
- Garlic bread
